

Genny

“I’ll tell you something. I think life is just the best. There is so much to be grateful for every day. I love my cat friends. And I love my human friends too. Not all of them really understand me. Sometimes it is a little difficult at first when I meet new people. But I am really good with quiet people. I don’t think you humans know how loud you are in your heads, even when you are not talking. It’s kind of funny. Cats know how to be quiet inside. And we also like to share that with you as well. I love my toys. I love certain boxes and crinkled paper. I love the sun. And I like to smell things in the breeze outside my door. There are so many great things in life. Sometimes, you just need to get quiet inside to appreciate them.”
