

## Tommy

---

“I feel like I haven’t seen all that much of life quite yet. I’m a young kid who had a big responsibility to help my brother Timmy. Timmy was born different than me. A lot of the time, he makes no sense. He does strange things. I don’t really understand him. But I was needed to help him and I did the best I could. I’m a little at odds right now. I just lost my new goat friend Princess after she got really sick. Everyone tried to help her. She was very grateful for everything. I learned a lot from her. She helped me to understand that it was ok to just be who I am. And it is also ok for Timmy to be like he is. She used to say to me, ‘See, we’re not as different as it seems. We are all goats just trying to live our best goat lives.’ Princess was very smart like that. I miss her. I may not really be able to help Timmy. But he is my brother and a fellow goat. And I understand things a lot better now. I am grateful for Princess’ wisdom.”
